The Practical Guide to Humanitarian Law

Françoise Bouchet-Saulnier

The Practical Guide to Humanitarian Law Françoise Bouchet-Saulnier

Definitions are often the first step toward granting or denying a person's rights. The *Guide's* aim is to provide precise meaning and content for terms such as "terrorism," "refugee," "genocide," and "intervention" – terms that the media have introduced into everyday conversation, yet whose legal and political meanings are often obscure. *The Practical Guide to Humanitarian Law* explains the terms, concepts, and rules of humanitarian law in accessible and reader-friendly alphabetical entries. Written from the perspective of victims and those who bring them assistance, the *Guide* outlines the dangers, spells out the law, and points the way toward dealing with violators and violations of the law.

Entries in the *Guide* are complemented by detailed bibliographic references; addresses, phone numbers, and internet addresses of the organizations presented; a thematic index; and an up-to-date list of the status of ratification of the more than 20 international conventions and treaties concerning humanitarian law, human rights, refugees, and international criminal law.

Published in cooperation with Doctors Without Borders/Medecins sans Frontiers.
