Ovid: Epistulae ex Ponto Book I: 1 (Cambridge Greek and Latin Classics) Ovid

When Ovid, already renowned for his love poetry, the *Metamorphoses* and other works, was exiled by Augustus to Tomis on the Black Sea in AD 8, he continued to write. After five books of *Tristia*, he composed a collection of verse letters, the *Epistulae ex Ponto*, in which he appeals to his friends and supporters in Rome, lamenting his lot and begging for their help in mitigating it. In these epistolary elegies his inventiveness flourishes no less than before and his imaginative self-fashioning is as ingenious and engaging as ever, although in a minor key. This commentary on Book I assists intermediate and advanced students in understanding Ovid's language and style, while guiding them in the appreciation of his poetic art. The introduction examines the literary background of the *Epistulae ex Ponto*, their relation to Ovid's earlier works, and their special interest and appeal to readers of Augustan poetry.
