Shelley's Style (RLE: Percy Shelley)

William Keach

Shelley's Style (RLE: Percy Shelley) William Keach

First published 1984. In a provocative study, this book argues that the problems posed by Shelley's notoriously difficult style must be understood in relation to his ambivalence towards language itself as an artistic medium — the tension between the potential of language to mirror emotional experience and the recognition of its inevitable limitations. Through an exposition of Shelley's *idea* of language, as reflected in his theoretical writings and individual poems, this book makes a strong case for his artistic worth. A definitive introduction to Shelley, useful for both scholars and newcomers, this book will be of interest to students of literature.
