Orthopaedic Physical Therapy

Robert A. Donatelli, Michael J. Wooden

Orthopaedic Physical Therapy Robert A. Donatelli, Michael J. Wooden

Provide the best care for your patients by improving your technical and decision-making skills with this all-inclusive text. From basic sciences to detailed information on specific technologies and surgeries, this comprehensive resource has the content you need to expand your expertise in the treatment of musculoskeletal dysfunction. This 4th edition includes updated, revised, and new chapters to ensure you have the most helpful and clinically relevant information available.

- Coverage of surgical options and postsurgical rehabilitation for your patients with musculoskeletal disorders facilitates communication between therapists and physicians and improves the patient's post-surgical rehabilitation.
- Updated content on orthopaedic surgical and rehabilitation procedures, including hyaline cartilage replacements, iliotibial band releases, ACL deficit knee, and much more puts the latest advances in the field at your fingertips.
- Case studies and clinical tips strengthen your problem-solving skills and maximize the safety, quality, and efficiency of care.
- Expert editors and contributors share their knowledge from years of practice and research in the field.
- Six new chapters, covering topics such as strength training, screening for referral, neuromuscular rehabilitation, reflect the latest physical therapy practice guidelines.
- Updated clinical photographs clearly demonstrate examination and treatment techniques.
- A user-friendly design highlights clinical tips and other key features important in the clinical setting.
- Terminology and classifications from the Guide to Physical Therapist Practice, 2nd Edition are incorporated throughout the text making descriptions easier to understand.
- An emphasis on treatment of the individual rather than the dysfunction reflects current practice in physical therapy.
- Video clips on the accompanying Evolve site demonstrate evaluation, exercise, and treatment techniques covered in the text.

From reader reviews:

Agnes Higa:

What do you in relation to book? It is not important along? Or just adding material when you want something to explain what the one you have problem? How about your extra time? Or are you busy man? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Every person has many questions above. They should answer that question simply because just their can do which. It said that about e-book. Book is familiar in each person. Yes, it is proper. Because start from on pre-school until university need this particular Orthopaedic Physical Therapy to read.

John Cotton:

Spent a free time and energy to be fun activity to perform! A lot of people spent their sparetime with their family, or all their friends. Usually they carrying out activity like watching television, planning to beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Do you wish to something different to fill your own free time/ holiday? Could be reading a book might be option to fill your cost-free time/ holiday. The first thing that you'll ask may be what kinds of e-book that you should read. If you want to try out look for book, may be the publication untitled Orthopaedic Physical Therapy can be excellent book to read. May be it could be best activity to you.

Joseph Chitwood:

A lot of people always spent their free time to vacation or go to the outside with them household or their friend. Were you aware? Many a lot of people spent many people free time just watching TV, or perhaps playing video games all day long. In order to try to find a new activity that is look different you can read the book. It is really fun in your case. If you enjoy the book that you read you can spent 24 hours a day to reading a reserve. The book Orthopaedic Physical Therapy it is quite good to read. There are a lot of people that recommended this book. We were holding enjoying reading this book. Should you did not have enough space to create this book you can buy typically the e-book. You can m0ore quickly to read this book from your smart phone. The price is not to cover but this book provides high quality.

John Wiser:

A number of people said that they feel bored when they reading a e-book. They are directly felt that when they get a half areas of the book. You can choose the particular book Orthopaedic Physical Therapy to make your current reading is interesting. Your own personal skill of reading talent is developing when you like reading. Try to choose very simple book to make you enjoy to see it and mingle the impression about book and reading especially. It is to be first opinion for you to like to wide open a book and examine it. Beside that the guide Orthopaedic Physical Therapy can to be a newly purchased friend when you're truly feel alone and confuse using what must you're doing of this time.
