Uri Gneezy

Lo que importa es el porqué (Gestión del conocimiento) (Spanish Edition) Uri Gneezy

Los autores son considerados por Steven Levitt, autor de Freakonomics, como los grandes innovadores del estudio de la economía en los últimos cincuenta años. • Un libro para todo aquel al que le interese cómo funciona realmente la economía Este libro narra una serie de experimentos sociológicos y económicos, originales que ponen en tela de juicio muchas de las teorías económicas y desvelan cómo funciona en realidad la economía real de una sociedad. El gran argumento es que lo que importa es porqué actúa la gente y no las razones por las que dicen que actúan. Con un estilo desenfadado, es el libro que sucede a grandes éxitos como Freakonomics.
