El problema de la soledad y la incomunicación del ser humano

Se trata de la historia de Julián, un profesor de filosofía, divorciado y con un hijo, que se relaciona con tres diferentes prototipos de la mujer contemporánea, y termina siendo víctima de sí mismo. Pero es también la historia de Marcela, una investigadora de los llamados "estudios de género", que está escribiendo un libro sobre las supuestas "Mujeres Ilustres", aquellas que han sido reconocidas, pero también en ocasiones subvaloradas en la historia oficial. Es, por otra parte, la historia de Silvina, una mujer exitosa, conforme a los cánones contemporáneos, que necesita el encuentro amoroso como una manera de transgredir la ley de la efímera existencia individual, por medio de la procreación. Y es, de algún modo, la reflexión acerca de lo que plantea Sabine, una chica que está más allá de todos los valores tradicionales, y demanda implícitamente una revisión de la realidad, a través de la droga y la ausencia de escrúpulos morales.
