Stabilizing and Integrating the Balkans: Economic Analysis of the Stability Pact, EU Reforms and International Organizations (American and European Economic and Political Studies) Paul J.J. Welfens

The Balkan Stability Pact stands for a networked approach of international organizations to deal with these problems. This analysis critically looks into strategies, actors, and preliminary results. There are shortcomings and inconsistencies and there is some potential for transatlantic conflicts over the issue of burden sharing. There is also a risk of EU imperial overstretch facing eastern and south-eastern EU enlargement.
