Taking Religion to School: Christian Theology and Secular Education Stephen H. Webb

In the modern university, religion is often taken to school—primarily in the sense of being critiqued, disciplined, and domesticated. In this provocative book, Stephen Webb steps into the middle of current controversies about the place of religion in secular high schools and colleges.

Speaking explicitly as a Christian theologian, Webb offers penetrating analysis and vivid autobiographical reflections that will benefit professors of religious studies, high school teachers of religion, students, seminary- and university-based theologians, and all others concerned with the many points of contention over religious education in our day.
