Herein Is Love, Vol. 1: Genesis Nancy E. Ganz

This set of Old Testament 'commentaries' for children is going to take the world by storm once the word gets out. Nancy Ganz has taken the details of Gods great work of creation and redeeming a people for himself and told it in a way that is engrossing for kids (and adults). We use it for family devotions; we're up to "lesson" 46 in Genesis. It doesn't dumb anything down or just make it a bunch of unconnected Bible stories. Like the title says the emphasis is showing Gods great love in all he does. The books are so creative; check out Noah's 'journal' while on the ark (yes, she puts in appropriate disclaimers. Nancy Ganz doesn't make things up, (she holds Gods word in such high regard it comes through on every page) she applies a magnifying glass to the text that showed my wife and I things we'd never noticed before. What a wonderful and exciting treat. Get these books, they are the next classic in children's Bible literature. I don't even have time to talk about the full teaching guide at the back of each book: suggestions for visual aids, memory work, review questions, songs to sing, outdoor activities all on lightly tinted pages to stand out from the rest of the book. This stuff is great!
