Images of Schoolteachers in America

Images of Schoolteachers in America

This book explores images of schoolteachers in America from the beginning of the 20th century to the present, using a wide range of approaches to scholarship and writing. It is intended for both experienced and aspiring teachers to use as a springboard for discussion and reflection about the teaching profession and for contemplating these questions:

What does it mean to be a teacher?

What has influenced and sustained our beliefs about teachers?

New in the second edition

- * The focus is shifted to the teaching profession as the 21st century unfolds.
- * The volume continues to explore teacher images through various genres--oral history, narrative, literature, and popular culture. In the second edition, the authors place more emphasis on the social-political context that has shaped teachers' daily experiences and the teaching profession itself. In the study of teacher images and schooling, the essays draw from feminist research methods and the critical tradition in educational inquiry to probe issues of power and authority, race, social class, and gender.
- * The emphasis is on the multidimensionality of teacher images rather than normative characterizations.
- * Six totally new chapters have been written for this new edition: an "invented interview" spanning 100 years of school teaching; portraits of progressive activist teachers; an exploration of teachers in fiction for young adults; a retrospective of the satirical cartoon show, *The Simpsons*; a study of crusading and caring teachers in films; and an overview of progressive classroom practices in "the new millennium." Seven chapters have been thoroughly revised to reflect current scholarship and the authors' evolving knowledge and interests.

From reader reviews:

Sherry Stevens:

Within other case, little folks like to read book Images of Schoolteachers in America. You can choose the best book if you like reading a book. So long as we know about how is important some sort of book Images of Schoolteachers in America. You can add understanding and of course you can around the world by the book. Absolutely right, because from book you can understand everything! From your country until finally foreign or abroad you will be known. About simple thing until wonderful thing it is possible to know that. In this era, we can open a book or even searching by internet unit. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's go through.

Tanisha Goss:

Reading a guide tends to be new life style within this era globalization. With reading you can get a lot of information that can give you benefit in your life. Using book everyone in this world can share their idea. Publications can also inspire a lot of people. Lots of author can inspire their reader with their story or their experience. Not only the story that share in the ebooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on earth always try to improve their proficiency in writing, they also doing some analysis before they write to the book. One of them is this Images of Schoolteachers in America.

Linda Livingston:

The particular book Images of Schoolteachers in America has a lot of information on it. So when you make sure to read this book you can get a lot of advantage. The book was authored by the very famous author. Mcdougal makes some research just before write this book. This particular book very easy to read you can find the point easily after reading this book.

Virgil Santamaria:

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Images of Schoolteachers in America can make you sense more interested to read.
