Rudolf Laban (Routledge Performance Practitioners)

Karen K. Bradley

Rudolf Laban (Routledge Performance Practitioners) Karen K. Bradley

Rudolf Laban was one of the leading dance theorists of the twentieth century. His work on dance analysis and notation raised the status of dance as both an art form and a scholarly discipline. This is the first book to combine:

- an overview of Laban's life, work and influences
- an exploration of his key ideas, including the revolutionary 'Laban Movement Analysis' system
- analysis of his works *Die Grünen Clowns* and *Mastery of Movement* and their relevance to dance theatre from the 1920s onwards
- a detailed exercise-based breakdown of Laban's key teachings.

As a first step towards critical understanding, and as an initial exploration before going on to further primary research, *Routledge Performance Practitioners* are unbeatable value for today's student.
