The Mindful Medical Student Bernie Siegel, Jeremy Spiegel

Four years in medical school are not only demanding and competitive in a strictly academic sense, but they may bring students face-to-face with perfectionism, anxiety, obsessions, power plays, difficult patients, ethical dilemmas, identity crises, sleep deprivation, financial strain, and—perhaps for the first time in their lives—confrontations with disease, suffering, and death. *The Mindful Medical Student* will broaden readers' perspectives and cultivate their ability to respond to the extreme emotional, psychological, and spiritual challenges posed by medical school and, eventually, a medical career. Jeremy Spiegel, MD, tackled these issues head on, prevailed, and became a first-rate psychiatrist. Now, in a vital book, he shares what he has learned.
