La tierra del cielo. Lecturas de mitos chilenos sobre los cuerpos celestes (Spanish Edition) Sonia Montecino, Catalina Infante

La tierra del cielo es un territorio que nos sirve para metaforizar los saberes que los pueblos originarios han acumulado sobre el firmamento. Como en todas las sociedades, los antiguos moradores de lo que hoy llamamos Chile alzaron su vista para descifrar los ciclos de las estrellas, del Sol, de la Luna, construyeron teorías sobre su origen y elaboraron pensamientos e ideas sobre las maneras en que se creó el cielo y la Tierra. Todos los elementos se conjugan en el firmamento: humanos, animales y culturales. Tan importante es ese pliego que se expande sobre nuestras cabezas que su lectura es algo ineludible y está poblada de signos, viejos caminos y un enjambre de relaciones. Un libro indispensable para el conocimiento del gran acervo cultural de nuestros pueblos originarios.
