How America Gets Away with Murder: Illegal Wars, Collateral Damage and Crimes Against Humanity Michael Mandel

"Exciting, original, and completely convincing ... This book is essential reading for anybody who wants to understand how the law really works in international affairs, and it throws a great deal of light on those international affairs themselves." Edward S. Herman

"This closely reasoned and carefully documented study is sad and grim, and necessary. Unless its lessons are heeded by citizens of the rich and powerful states, the fate of the world will be left to the whim of those with the guns and the faith to enforce their will." Noam Chomsky

They call it "collateral damage," but legally and morally it is really mass murder.

In Kosovo, America claimed its war was a "humanitarian intervention," in Afghanistan, "self-defense," and in Iraq, it claimed the authority of the Security Council of the United Nations. Yet each of these wars was illegal according to established rules of international law. According to these rules, illegal wars fall within the category of "supreme international crimes". So how come the war crimes tribunals never manage to turn their sights on America and always wind up putting America's enemies -- "the usual suspects" -- on trial?

This new book by renowned scholar Michael Mandel offers a critical account of America's illegal wars and a war crimes system that has granted America's leaders an unjust and dangerous impunity, effectively encouraging their illegal wars and the war crimes that always flow from them.

Among the books in the top list in your reading list is usually How America Gets Away with Murder: Illegal Wars, Collateral Damage and Crimes Against Humanity. This book which is qualified as The Hungry Hills can get you closer in growing to be precious person. By looking upward and review this publication you can get many advantages.

Tyler Emery:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just small students that has reading's heart or real their interest. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this How America Gets Away with Murder: Illegal Wars, Collateral Damage and Crimes Against Humanity can make you truly feel more interested to read.
