Teaching and Learning with ICT in the Primary School

The new edition of *Teaching and Learning with ICT in the Primary School* introduces practising and student teachers to the range of ways in which ICT can be used to support and extend teaching and learning opportunities in their classrooms.

Fully updated and expanded with brand new chapters reflecting the abundant changes in the field since the first edition was published, it offers practical guidance underpinned by the latest research and teaching in the field. It is illustrated throughout with case studies and examples together with a glossary explaining key terms. It focuses on how technology-based practices can support the teaching of individual subjects, as well as a range of teaching and learning styles. Key topics covered include:

- Support reading and writing with ICT
- Enhancing mathematics with technology
- ICT in the foundation subjects
- Computer programming
- Creativity and ICT
- ICT and sustainability
- Linking home and school
- Digital technologies for special educational needs
- Mobile technologies

- Gaming and virtual worlds
- Assessment
- E-Safety

Written for all training primary teachers, as well as more experienced teachers and ICT co-ordinators looking for guidance on the latest innovative practice, *Teaching and Learning with ICT in the Primary School, 2nd edition* offers advice and ideas for creative, engaging and successful teaching and learning.
