Charting Made Simple: A Beginner's Guide to Technical Analysis Roger Kinsky

A straightforward guide that answers investors questions and helps them develop their own charting system

The fifth book in the Wrightbooks "Made Simple" series, this book gives investors the answers they need to understand and use charting without the expense of a proprietary program. It explains such commonly used charting tools as the moving average indicator and Bollinger bands and shows readers how to combine tools and techniques into a coherent charting system that works for them.
