Trattato sui vini: Liber de vinis (Italian Edition) Manlio Della Serra, Arnaldo Da Villanova

Difficile immaginare che l'esperienza del vino si possa risolvere nell'incontro tra la particella minuta e gli scandali imprevedibili della perdita di controllo. La verità armonica abbraccia gli universi che Dioniso incredibilmente seduce e ammaestra. Presunto autore e naturalista, Arnaldo da Villanova (ca. 1240-1313) è un compilatore attento, che si muove in un amalgama prezioso di saperi, tra alchimia e teologia, scienza medica e credenza popolare. Con occhio clinico svela in parte ciò che gli antichi osavano riferire alla forza occulta e imprendibile della divinità. Oggi come sempre, degustare un buon vino significa anzitutto conoscere: anche questa insolita conoscenza, fatta di ricette e tecnicismi, intermezzi e resoconti, allerta il palato di chiunque pretenda di bere e, ugualmente, sognare. Con un testo inedito di Michele Trionfera.

Arnaldo da Villanova (1240-1313) fu medico, alchimista, e politico catalano. Fu influente consigliere del re di Aragona e di Sicilia, nonché medico di Bonifacio VIII. Nella storia della medicina è ricordato per le acute osservazioni del *Breviarium practicae* e del commento al *Regimen salernitanum*.

Manlio della Serra ha conseguito un PhD in Filosofia medievale all'Università di Roma Tor Vergata, con attività di ricerca presso la Eberhard Karls Universität di Tübingen, collaborando con la cattedra di Storia della Chiesa della Facoltà Teologica. Alla produzione editoriale affianca la traduzione dal latino e dal tedesco e attualmente coordina diversi progetti culturali.
