Mormons An Open Book: What you really want to know Anthony Sweat

With the growth and exposure of Mormonism across the country and world, more and more people are curious about The Church of Jesus Christ of Latter-day Saints. Although most Americans have an opinion about Mormonism, many of them admit they don't really know what Mormons actually believe. Using scriptures, quotes, facts, engaging visual images, and even some humor, this one-of-a-kind book is designed to openly explain the beliefs, practices, history, and culture of Mormonism. Chapters answer such questions as "Are Mormons Christians?" "What happens inside LDS temples?" and many more. Chapters address topics such as LDS beliefs about marriage and family, the position of women in the Church, and LDS views about politics and America. There are even sections that dispel some common myths and misconceptions about Mormonism.

Written from the perspective of those who know and live the religion, the pages of *Mormons: An Open Book* invite you to come in, learn about, and better understand a growing body of faith in America and across the world: Mormonism.

Contents
