Yesterday's Lights A Revolution Reported

Francis Reid

Yesterday's Lights A Revolution Reported Francis Reid

Set to help new generations to be aware of where the art and science of theatre lighting is coming from – and stimulate a nostalgia trip for those who lived through the period Francis Reid covers the 'revolution' from the fifties through to the present day. Although this is a highly personal account of the development of lighting design and technology and he admits that there are 'gaps', you'd be hard put to find anything of significance missing.
