Wolf's Head, Wolf's Heart Jane Lindskold

A tale of humane wolves, beastly men, and a brilliant heroine who must find her way in a dangerous world

Raised by intelligent, language-using wolves, brought back to the human society at the court of Hawk Haven, young Firekeeper had to learn to cope with human society and its complexities . . . and discovered that, for someone raised in a wolf pack, the politics of a royal court were neither complex nor wholly unfamiliar.

But the happy ending of *Through Wolf's Eyes* has proved to have consequences. Hawk Haven and Bright Bay are unifying, but the power balance of the neighboring lands is threatened by this prospect. New intrigues abound. The rulers of Bright Bay, it transpires, have been hoarding a collection of forbidden magical artifacts . . . which Queen Gustin took with her when she abdicated, intending to use them to restore her power. Melina Shield is still scheming to obtain them, and she's older, smarter, and more devious than the Queen. And the even-more-devous civil service of neighboring New Kelvin would like to get their hands on that magic as well

Which will make life very hard for Firekeeper. Because the powers of the world have decided who'll be required to obtain those much-contended-for magical articles. It'll be her.
