The problems with President Barack Obama have nothing to do with the color of his skin. The problems are with his policies, which belittle the United States and inflate the values of other countries. We must remember that we, as Americans, are the leaders of the free world. President Barack Obama was elected president of the US because he inspired the nation to believe in Hope. But his false promises have in fact created the worst racism we have seen in decades—he is running the government in a Chicago gangland style that discredits all Americans, and he is pushing a government takeover of individual liberties that will destroy the very best of America. Robert Michener's convicting book, *Barack Obama: Hope Destroyed*, is dedicated to pointing out the wrongs that President Barack Obama is perpetuating on the American people while presenting reasonable solutions to each of those problems. Through indicting language and a clear cut look at facts and possibilities, *Barack Obama: Hope Destroyed* will put into words what many Americans feel about the direction of the present government under President Barack Obama.
