The Management of Small and Medium Enterprises (Routledge Studies in Small Business)

The Management of Small and Medium Enterprises (Routledge Studies in Small Business)

Due to the vital importance of SMEs in developed economies worldwide, this book aims to provide a unique and much-needed investigation into the underlying mechanisms and practices of management within these companies by collecting a wide range of original conceptual and empirical research in the topical area of management in SMEs and new ventures.

Collecting work from dozens of leading scholars in fields ranging from management and entrepreneurship to human resource management and strategy, this book aims to supply readers with an overview of the field of research in management of SMEs and new ventures as well as in depth knowledge on a variety of related topics. The essays collected here are focused and practical, offering a variety of explicit and pragmatic recommendations for action and developing new tools and strategies useful to scholars and students as well as practitioners working in the field of SME and new venture management and consulting.
