The Templar Code For Dummies® Christopher Hodapp, Alice Von Kannon

A captivating look into the society of the Knights Templar

Brought to you by the author of *Freemasons For Dummies*, The Templar Code is more than an intriguing cipher or a mysterious symbol – it is the Code by which the Knights Templar lived and died, the Code that bound them together in secrecy, and the Code that inspired them to nearly superhuman feats of courage and endurance. *The Templar Code for Dummies* reveals the meaning behind the cryptic codes and secret rituals of the medieval brotherhood of warrior monks known as the Knights Templar. This intriguing guide will cover such topics as who the Knights Templar were, how they rose so high and fell so far, and most importantly why there is so much interest in them today. *The Templar Code For Dummies* will explore myths and theories of Christian history that appear in the *Da Vinci Code* such as the quest for the Holy Grail, the Catholic Church's relationship with women that are hotly debated now with special emphasis on the Templar connection. It also explores the surprising part the Templars have played in some of the most important historic events of these past seven centuries, including the French Revolution, the birth of groups such as the Freemasons, and even the American Civil War.
