From Defender to Critic: The Search for a New Jewish Self Dr. David Hartman

Dr. David Hartman, the world's leading modern Orthodox theologian, presents his own painful spiritual evolution from defender of the rule-based system of Jewish law to revolutionary proponent of a theology of empowerment, one that encourages individuals and communities to take greater levels of responsibility for their religious lives. In this daring self-examination, he explains how his goals were not to strip halakha—or the past—of its authority but to create a space for questioning and critique that allows for the traditionally religious Jew to act out a moral life in tune with modern experience.
