Hidden Heritage: The Legacy of the Crypto-Jews (S. Mark Taper Foundation Imprint in Jewish Studies) Janet Jacobs

This study of contemporary crypto-Jews—descendants of European Jews forced to convert to Christianity during the Spanish Inquisition—traces the group's history of clandestinely conducting their faith and their present-day efforts to reclaim their past. Janet Liebman Jacobs masterfully combines historical and social scientific theory to fashion a brilliant analysis of hidden ancestry and the transformation of religious and ethnic identity.
